

Pennsylvania Reporting Release Notes

October 10, 2008

This document explains updates for the following:

- Pennsylvania State Audit Infinite Loop Error
- Post Secondary Plans Error
- Secure ID Report Request Errors
- PIMS Supplemental Guide and Ref Guide Updates
- Percentage of Time Enrolled for Calendar is incorrect
- School Calendar Template - Graduation Ceremony Date
- CTE Student Fact Extract Requirements
- CTE Student Data Field Changes

Pennsylvania State Audit Infinite Loop Error

State Audit Report: Version 2.7

Reference: 5007312

Description: The PA State Audit Report goes into an infinite loop when there are two special programs without end dates.

Resolution: The PA State Audit Report was modified to not go into an infinite loop when looking at special programs.

Post Secondary Plans Error

Student Template/Student Snapshot Template: Version 2.6

Reference: 5007590

Description: The Student Template/Snapshot extract is not reporting the three digit code for the post secondary plans.

Note: The bug was reported for the Post Secondary Plans field and the issue was resolved by modifying the report.

Resolution: The Student Template/Snapshot extract was modified to report the three digit code for post secondary plans with a leading zero.

Secure ID Report Request Errors

Secure ID Request Report: Version 1.5

Reference: 5008073

Description: The following changes need to be made:

- The Secure ID Request Report needs leading zeros extracted for the School ID fields, if needed.
- The Secure ID Request Report needs to allow multi-racial to be reported.
- The Secure ID Request Report describes the Begin and End date in the description when the report only has a scan date.

Resolution: The following changes have been made:

- The Secure ID Request Report was modified so that leading zeros are extracted for the School ID fields if needed.
- The Secure ID Request Report was modified to report the multi-racial code.
- The Secure ID Request Report was modified to change the description to scan date.

PIMS Supplemental Guide and Ref Guide Updates

Reference: 5008101

Description: The following guide updates need to be made:

- The Pennsylvania State Reporting Guide needs to be revised to contain the addition of multiracial for PA Secure ID and the modification to the Percentage of Time Enrolled calculation.
- The PIMS Supplemental guide needs to be updated to show the change to the Industry Credential Code field for PIMS, the Percentage of Time Enrolled calculation, and fix the typo in the heading for the Student Template Special Graduation Rate Data Extract.

Resolution: The following guide updates have been made:

- The Pennsylvania State Reporting Guide has been revised to contain the addition of multiracial for PA Secure ID and the modification to the Percentage of Time Enrolled calculation.
- The PIMS Supplemental guide has been updated to show the change to the Industry Credential Code field for PIMS, the Percentage of Time Enrolled calculation, and to fix the typo in the heading for the Student Template Special Graduation Rate Data Extract.

Percentage of Time Enrolled for Calendar is Incorrect

Student Calendar Template: Version 1.2

Reference: 5008224

Description: The following changes need to be made:

- The Student Calendar Template Report is not reporting the correct percentage for the Percentage of Time Enrolled for Calendar.
- The Calendar Program codes are missing the dashes on the codes page.

Resolution: The following changes have been made:

- The Student Calendar Template Report was modified to report the correct percentage for the Percentage of Time Enrolled for Calendar.
- The Calendar Program Codes page was modified to include the dashes in the codes.

School Calendar Template - Graduation Ceremony Date

School Calendar Template: Version 1.1

Reference: 5008385

Description: The School Calendar Template is reporting 0000-00-00 if the Graduation Ceremony Date is blank.

Resolution: The School Calendar Template was modified to report a blank if the Graduation Ceremony Date is blank.

CTE Student Fact Extract Requirements

CTE Student Fact: Version 1.1

Reference: 5008401

Description: The following changes need to be made:

- The CTE Student Fact is reporting the wrong headers for fields 5 and 11.
- The CTE Student Fact is not reporting field 5.

Resolution: The following changes have been made:

- The CTE Student Fact was modified to report the correct headers of Student Location Code and CTE Program Completion Plan Code.
- The CTE Student Fact was modified to report the same information for field 5 as for field 4.

CTE Student Data Field Changes

CTE Student Industry Credential Report: Version 1.1

PIMS CTE Student Data Fields Page: Version 1.1

Reference: 5008408

Description: The following changes need to be made:

- The Student Industry Credential Report does not report multiple lines for a student who has multiple Industry Credential Codes.
- The Industry Credential Code field does not allow for multiple codes to be recorded.

Resolution: The following changes have been made:

- The Student Industry Credential Report was modified to extract multiple lines for students who have multiple Industry Credential Codes.
- The Industry Credential Code field was modified to allow multiple codes to be entered.
