

New "Participating Dentist" Network

We often receive inquiries from staff about participating dentists. As part of our cost savings initiatives this past year, Associated Life Underwriters, the third party administrator for our self-insured dental plan, agreed to pursue the creation of "passive network". This is a network of dentists that agrees to accept a discounted reimbursement for services rendered in exchange for being in the Palmyra network that will be promoted by the School District. Because it is a passive network, it is completely at the member's discretion to choose to use one of these dentists.

Associated Life contacted the dentists most used by our members to determine interest in being part of a network. Enclosed is a list of dentists who have agreed to give us a 10% discount. Again, there is no obligation for you to use one of these dentists. However, it is win-win for the District and the employee if you do. The District pays less and due to the \$1,500 calendar year cap, an employee who reaches this cap will receive more services due to the discount.

If you have any questions, please contact Darcy Brenner-Smith, Director of Business Affairs at 838-3144, Option 7 in the voicemail.

Dentist signed up to participate with your self funded dental plan:

Anne Adams, DDS
24 W. Granda Avenue
Hershey, PA 17033

Gregory J. Arendacs, DMD
