

Dear Staff Person:

The Palmyra Area School District recognizes the importance of enforcing the highest safety standards for our staff and students.

There are times that extra-curricular activities and off ground trips are required in providing for the educational needs of our students. To provide safety standards in transportation the school district is requesting that each staff person requiring a vehicle for a school based activity provide a copy of their drivers license and agree to a driver's history report through Penn Dot.

Thank you for your understanding as we continually work towards providing a safe environment for our staff and students.

---

I, \_\_\_\_\_ authorize the Palmyra Area School District to obtain a drivers license report through the Penn Dot Driver Services Data Base, I understand that this is a requirement by the Palmyra Area School District for staff transporting students off district grounds.

I understand that all information obtained by the district as it pertains to my driver's license information / history will be held in confidence.
