Each student or third party shall respect the rights of their fellow students, third parties and staff members and shall refrain from harassing or discriminatory conduct. Any student or third party who becomes aware of harassment or discrimination should report the matter to a building principal or the Compliance Officer according to the provisions of the Complaint Procedure described below.

3. Complaint Procedure

Step One – Reporting

A person who believes he/she has been subjected to harassment or discrimination in connection with any School District Program is encouraged to immediately report the incident to a staff member.

Any staff member who receives a harassment or discrimination complaint, or who becomes aware of harassment or discrimination in connection with any School District program, shall report the incident to the appropriate building principal, or if the building principal is the subject of the complaint, to the Compliance Officer.

Use of the complaint form available in each school building is encouraged, but oral complaints shall be accepted.

Step Two – Investigation

Upon receipt of a harassment or discrimination complaint, the building principal shall immediately notify the Compliance Officer. The Compliance Officer shall authorize the building principal to investigate the complaint, or shall personally conduct the investigation if the building principal is the subject of the complaint or is otherwise unable to conduct the investigation.

The investigation may consist of individual interviews with the complainant, the accused, and any others with knowledge relevant to the incident. The complainant and other involved parties may present witnesses or other involved parties may present witnesses or other evidence relevant to the complaint, which the investigator shall fully and impartially consider. The investigation will remain confidential to the extent possible, consistent with the School District's legal and investigative obligations.

The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation is pending or concluded.

Step Three – Investigative Report

The investigator shall prepare a written report within fifteen (15) days of receiving the complaint, unless additional time is required to complete the investigation. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated and whether it establishes a violation of this Policy, and a recommendation as to what corrective action, if any, is required. The report shall be provided to the Compliance Officer and the Superintendent.

A written statement summarizing the investigation’s findings and the recommended disposition of the complaint shall be provided to the complainant and the accused, as well as the parents of any students involved.

Step Four – District Action

If the investigation results in a finding that the complaint is substantiated and constitutes a violation of this policy, the School District shall take prompt, corrective action to ensure that such conduct ceases and will not recur, as well as remedial action to correct the effects of any violation of this policy on the complainant or other affected individuals, where necessary.

Disciplinary actions shall be consistent with Board Policies. If the investigation results in a finding that a student or staff member knowingly made a false complaint under this policy, the complainant shall be subject to disciplinary action.

Step Five – Appeal

If any involved party is not satisfied with the results of the investigation or with the recommended corrective/remedial action, he/she may submit a written appeal to the Compliance Officer (or to the Superintendent if the investigation was conducted by the Compliance Officer) within fifteen (15) days of receiving the written summary of the investigation and recommended disposition of the complaint.

The Compliance Officer or Superintendent shall review the investigation and may, if necessary, further investigate the complaint.

The Compliance Officer or Superintendent shall prepare a written response to the appeal within fifteen (15) days, unless more time is required to further investigate the complaint. Copies of the appeal response shall be provided to the complainant and his/her parents, as well as the accused and his/her parents.
